Skills

Network Protocols

Cadence Tools
(Virtuoso, Genus, Innovus)

Programming

3D Modeling / 3D Printing

Experience using Inventor

Languages

C/C++

HTML/CSS

Javascript

Java

VHDL

Verilog

Python

Dedicated hardware engineer, with a high interest in VLSI design, low-level programming, and avionics. Seeking a position were to learn more about computer hardware and put to use the knowledge and experience I have gained over the years.

Work History

2018-05 -
Current

Tech Intern

Insurezone, Oelwein, IA

- Led, Designed, and Implemented numerous projects that required front-end and backend pieces.
- Testing, and integrated new code into existing framework
- Worked extensively in java, HTML/CSS/Javascript, and angular (CLI).

2015-08 -
2017-05

Tech Team Member

Oelwein High School, Oelwein, Iowa

- Assisted students and faculty with general IT issues.
- Helped clean and re-image computers.
- Assisted in training newer members in Mac-book repair.
- Helped setup and maintain ethernet cables throughout the school district.
